The Orapex show in Ottawa and Royal 2011 in Dorval were both excellent shows. Awesome exhibits were on display at both shows.

Thank you to all who organized and ran these fun shows and the collectors who came to see me at the table and helped make the shows such a success.

On June 8 our area was hit by a major storm. Three funnel clouds were seen and a lot of damage was done in our neighbourhood and surrounding area. 3 of my neighbours had trees fall on their houses. Large numbers of trees were uprooted and many others were simply sheared off 25' to 35' above the ground I was very fortunate and only lost about 20 trees, but no damage to the house. We were without power for almost 4 days. It is going to take a long time to get all the damaged trees cut up. At least I will have lots of firewood for this coming winter. Needless to say business came to a complete standstill.

Then came the postal strike - first with rotating strikes and then a complete strike which shut our business down completely. Even at the end of July I am still receiving mail from well before the strike started and some mail is still missing.....

Lots of new material in this issue.
