## THE "CHESAPEAKE" COLLECTION

One of the most complete CANADA REVENUE collections.

- for sale by private treaty -

One of my long-time clients has decided to sell his one of a kind Canadian revenue stamp collection. This collection was formed over 30+ years - nothing has been added in the last 10 years. The collection is loaded with unique Die Proofs, Plate Proofs, Essays as well as virtually all the rarities and of course all the regular material. This collector was always eager to buy quality and rare material and he truly understood the rarity of many of the Canadian revenue stamps. Many of the items in this collection haven't been seen on the market for a very long time. A number are one of a kind UNIQUE pieces. This is a rare opportunity to acquire some wonderful items.

Per the owner's instructions: - material will be shipped once payment in full has been received. Standard discounts do not apply to the material from this very special collection. Please call me to discuss availability, pricing, terms, condition, etc. Material will be spread over a number of upcoming ReveNews newsletters - you are invited to send your rarities wantlist - you might be very pleasantly surprised to find out what is available. Free ESJ van Dam Ltd color photo certificates with items valued at over \$1500.

### FB53a - Canada's most exciting revenue stamp error.

Many years ago a survey was done to try establish how many of these inverts actually exist.

The count came to around 20, however a little further research discovered that in some cases the same invert was reported more than once, but by different collectors and was thus counted twice - quite possibly there are some inverts in the hands of collectors who did not take part in this study. From the original 100 produced it is probably safe to say that less than 20 still exist. Generally they are very poorly centered and mostly they have small to major faults such as document folds, closed tears, thins and repairs. Copies without faults are rare and well centered copies are extremely rare. Most are found with pen cancels. The occasional copy is found with "Robert Smith, Quebec, 1876" hand stamp which tells us the year and place of use of at least some of these rarities. Stamps are shown larger than actual size.

**VERY rare \$2 red & black  
 INVERTED CENTRE**

Documents were pinned (staples hadn't been invented yet) together in those days and you will often see pinholes on early revenue stamps like this one.

"Robert Smith & Co, Quebec,  
 June 5, 1876" cancel makes this stamp much more desirable. An attractive example of this rarity.

## CANADA 1870 TOBACCO STAMPS

Exceptional offering of these beautifully engraved tobacco stamps come in various colors, papers, watermarks, etc. Multiples are seldom seen and this in exceptional offering. The PORT OF ENTRY names vary from stamp to stamp. Most are F/VF\*, no gum as issued. There may be the odd fold or small per for or similar fault. An interesting variety occurs on some horizontal pairs. While most taxpays are numbered left to right - these are numbered top to bottom thus creating the scarce "JUMP NUMBER PAIRS". Division = city name if any. open = no city - this section is left blank. All are very scarce especially in this pristine condition. \* = unused, wmk = watermarked, flts = faults, div. = division. Actual size of 1/4, 1/2 and 1 Pound stamps is 2 1/4" x 2". The 5, 10, 15 Pounds are 4 1/2" x 2". **SPECIAL DISCOUNT** this page only - **until May 1, 2012. Orders under \$500 less 15%, over \$500 less 20%, orders over \$1000 less 25%.** After May 1, 2012 our usual discounts apply. Satisfaction Guaranteed or money refunded.

## THE CANADA & PROVINCES LIQUOR STAMP COLLECTION in two volumes.

From the "CHESAPEAKE" collection by private treaty - all images are at 50%.

This is one of the largest liquor stamp collections I have handled in 40 years. Originally the collection started off as my reference collection which had been built up over 20 years and was the culmination of a number of important collections that I had the privilege to acquire over the years and included items from the Jim Sissons, Les Davenport and Jim Webb dealer stocks that I purchased many years ago. The collector has added a lot of new material. Condition is generally excellent. Most of these have of course come off bottles and will have the typical fold or show signs of usage, that's the only way they come. If you are interested in this area... this is a rare opportunity to acquire some fabulous material. This collection can be turned into a great exhibit. I would suggest a personal viewing of this wonderful collection. I can bring it to Orapex in Ottawa, provided it has not been sold already. Christopher D. Ryan's The Preliminary listing of "Canada's Bottled in bond Liquor stamps" is used in some of the descriptions. This listing can be viewed or printed directly from our website, just follow the links.
